

Ambassador Shala –Female, Actor of Color, 30's/40's

Grangian Ambassador Stationed on the Monocyte during their first (episodic) adventure and stays on board for the remainder of Around other Grangians, stiffly formal, as her station requires. Around members of the Monocyte crew, highly inquisitive and friendly. Will also play all other Grangians.

AUDITION SIDE:

SHALA: It is unfortunate, but on Grange we believe that her spirit will be reborn to a much happier life. Every Grangian is new life in contrast with death. The more horrible the death, the better the rebirth. Lucky for her, Kamala died horribly. I hope when my death comes, it is as spectacularly painful and disgusting as Kamala's. No, Doctor, the ones we really mourn are the ones who die in their sleep. It is most unlucky.
